ANNUAL GENERAL MEETING

The Annual General Meeting of the Dalkey Community Council will take place on Monday, 3 March at 8pm in Our Lady's Hall. This is a public meeting and all residents of Dalkey are welcome to attend.

As the last Newsletter issued was on 29 November in respect of December 2002 and January 2003 the following are the condensed minutes of the two Dalkey Community Council meetings held since then, namely Monday, 2 December 2002 and Monday, 6 January 2003.

The Chairman extended condolences to Ms Claire Cavendish, Beacon Hillis representative, on the death of her father.

MATTERS ARISING AND CORRESPONDENCE:

A letter was received from a resident with regard to the condition of the path on Cunningham Road (the road is also in need of repair). A copy of a letter which had been sent by a resident to An Post was also received. This was in relation to the string and

labels that are being discarded near the two new post office boxes on Hyde Road and causing a litter problem. A resident also wrote about the parking on the double yellow lines on Ardeevin Road. The steps from Ulverton Road to Harbour Road have been cleared of the under and overgrowth, however the gate has not, as yet, been painted.

HERITAGE:

The Board still is facing a difficulty with regard to finance. It is planned that the theatrical animation which was so successful with the visiting schools to the centre will employ people as actors under F AS and would be located in the castle and bring performances to schools, hospitals and other suitable locations. A clean-up of the graveyard will take place in conjunction with the Tidy Towns Committee and the Parks Department of Dun Laoghaire-Rathdown County Council.

PLANNING:

Tramyard- An Bord Pleanála's decision will be published in March.

Systems Printing: Duchas is on location checking the site for any archeological items.

SPORT:

Dalkey's two Community Games officials have been re-elected to the Executive Committee of the Dublin Community Games

ANY OTHER BUSINESS:

Quite a number of large 'potholes' have been appearing around the town e.g. St. Patrick's Road, St. Patrick's Avenue, Railway Road, Barnhill Road, Cunningham Road to name a few. The Community Council will make contact with the Roads Department of the Dun Laoghaire-Rathdown County Council. A query with regard to early spraying of weeds was made and contact will be made with the Parks Department. The litterbin at the entrance to Sue Ryder has been removed however the litter is accumulating around the seat. A local resident kindly cleans this area however inquiries are to be made as to the current sweeping policy for Dalkey and the cleaning of the shores.

ST VALENTINE'S DAY

There are several stories as to the origins of Valentine's Day. Some say it originated from St. Valentine, a Roman who was martyred for refusing to give up Christianity. He died on 14 February 269AD the same day that had been devoted to love lotteries. It is also said that St. Valentine left a farewell note for the jailer's daughter, who had become his friend and signed it "From Your Valentine". Then it was said that St. Valentine served as a priest at the temple during the reign of Emperor Claudius. Claudius then had Valentine jailed for defying him. In 496AD Pope Gelasius set aside 14 February to honour st. Valentine. Gradually, February 14 became the date for exchanging love messages and St. Valentine became the patron saint of lovers. The date was marked by sending poems and simple gifts such as flowers. In America, Miss Esther Howland is credited for sending the first valentine card. Commercial valentines were then introduced in the 1800's. The town of Loveland, Colorado, its post office does a great business around February 14.

Several hundred years ago in England children dressed-up as adults on Valentine's Day and went about singing from house to house. One verse was:

*Good morning to you, Valentine;
Curl your locks as I do mine -
Two before and three behind.
Good morning to you, Valentine*

It used to be believed that if a woman saw a robin flying overhead on St. Valentine's Day, it meant she would marry a sailor, if it was a sparrow she would marry a poor man and be very happy, if it was a goldfinch she would marry a millionaire

. A love seat is a wide chair. It was first made to seat a woman and her wide dress. Then the love seat (or courting seat as it became known) had two sections, generally in an S shape. This way the couple could sit together without sitting too closely!

In Wales wooden love spoons were carved and given as gifts on 14th February. Hearts, keys and keyholes were favourite decorations on the spoons. The decoration basically said "You unlock my heart"!

In the Middle Ages young men and women drew names from a bowl to see who their valentines would be. They would wear these names on their sleeves for a week. To wear your heart on your sleeve now means that it is easy for other people to know how you are feeling.

In some countries young girls may receive the gift of clothing from a young man. If she keeps the gift it shows she will marry him.

• **Community Council Annual Art Exhibition** •

The Dalkey Community Council Annual Art Exhibition took place in Our Lady's Hall on Saturday 23rd and Sunday 24th November. It was officially opened by journalist and broadcaster, Caroline Erskine, who is a local resident. In opening the Exhibition, in addition to praising the work of the exhibitors, Caroline commended the work of the Community Council and emphasized how it helped to make Dalkey the very special place it is for all residents. Over sixty local artists took part and there was a great variety of work -oils, acrylics, watercolours and wood turning. The overall standard was very high and a great number of the exhibits were sold to eager purchasers. A special word of thanks to all the members of the Community Council who gave freely of their time to make this Exhibition such a successful and enjoyable event. .Margaret Farrell

• **KNITTING ARAN SWEATERS** •

The actual art of knitting goes back a very long way and people are thought to have been doing a type of knitting as far back as the time of the Pharaohs but our particular type of traditional design seems to have originated about 500 years ago in the islands of Inishmore, Inishmaan and Inisheer (Big Island, Middle Island and West Island).

The first Aran knitters were the men who used goose quills to knit up the wool from their own sheep which the women spun at home. The natural grease was left in the wool as an additional protection against the weather but sometimes roots and lichens were used to make simple dyes.

Each family had its own design handed down from one generation to another and these designs were often used as a means of identifying the bodies of fishermen washed-up on the shore. The traditional symbolism is difficult to confirm but the Cable Stitch for instance is straightforward representing the ropes of the fishermen, as is Basket Stitch representing the creel and symbolising the hope of a large catch. The Double and Single Honeycomb are charms for the energy and hard work of the bee resulting in plenty. The Diamond Stitch filled with Moss Stitch is a prayer for wealth and it is a good luck charm for fishing when combined with the Cable Stitch. A Diamond with a bobble in the centre is said to represent a boat with a fisherman in it and is a charm for safety. The Tree of Life Stitch shows the growth of men and their families while the Ladder of Life Stitch represents man's claim to ultimate happiness. Some say that the Zig-Zag symbolises the ups and downs of married life. Spoon Stitches representing the trawl or possibly the bait are charms for a heavy catch giving freedom from hunger and other privations. Trellis Stitch is supposed to represent the small fields bounded by their ditches and stone walls. Claw pattern shows the lobsters' claws, a lucrative economic resource. Winding River Cable symbolises the rivers and the Half Diamond Stitch is symbolic of wealth and success.

CHRISTMAS IN DALKEY

It has been said before that Dalkey is the jewel in the Dun Laoghaire-Rathdown County but no one can deny that during this past Christmas Season our jewel twinkled with great gusto. From the beaming smiles of all the children and adults who came to welcome Santa Claus to Dalkey, to the lighting of the gorgeous tree at Archbold's Castle, to the symbolic and wonderful live Crib in the Castle, to the wreaths on the lamp standards and finally to the beautiful lights that shone over the shops in Castle Street, what a magnificent sight Dalkey was not just to those of us lucky enough to live here but to all our visitors and returning family and friends over Christmas.

A VERY BIG THANK YOU to all for bringing a truly lovely live Christmas Card Scene to Dalkey. Can't wait for Christmas 2003
